

Company

PROFILE

Supplying Dreams!

INTRODUCTION

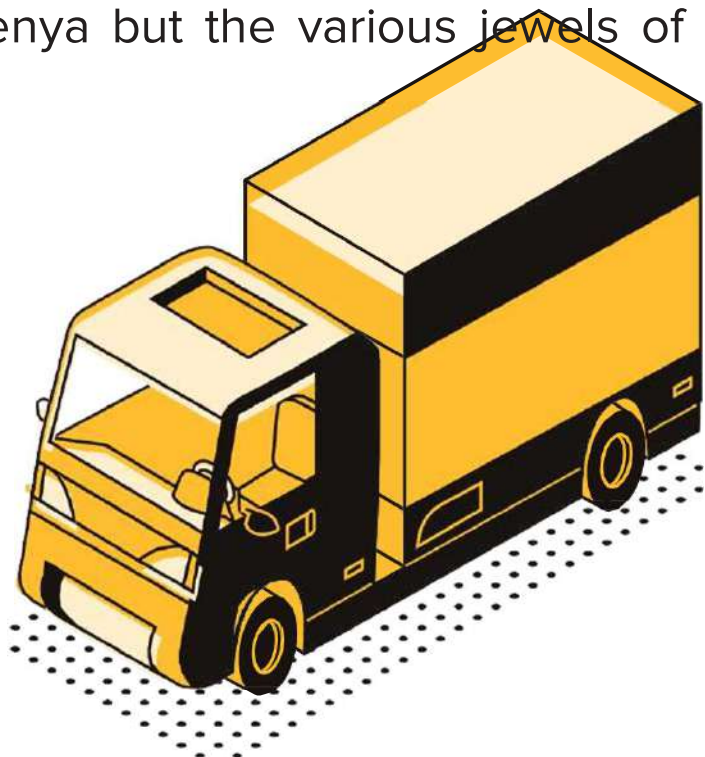

Cat- Tech Spares Company Limited, is a company launched on **October 1999**. Since our inception we have interacted with a large client base not only supplying imported Earth Moving but also, farm machinery, general office stationery, printing & advertising, medical supplies, locomotive products and general supplies.

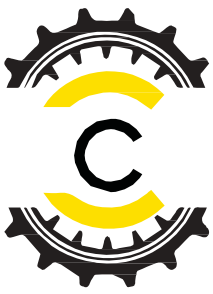

We consider ourselves!

We believe there is nothing impossible when satisfying client demands!

We are currently based in Nairobi, Kenya where we prioritize services to our locals and in most instances offer free delivery.

We are not limited to Kenya but the various jewels of Africa

Mission Statement

Our mission is to preserve historical significance of equipment while deploying cutting-edge techniques. Through a commitment to sustainability and continuous learning, we aim to be industry pioneers, seamlessly blending tradition, innovation, and environmental consciousness."

"Our aim is to leverage our extensive experience and cutting-edge techniques, providing our clients with a worry-free experience once the job is done."

Our People

"At our core, we believe that people are the most valuable asset on earth. We extend beyond our organization, collaborating with like-minded individuals to uphold the highest standards of quality and safety."

"Our purpose extends beyond problem-solving for our clients; it encompasses the commitment to educate and empower them with proactive measures, ensuring a comprehensive and sustainable approach to addressing challenges."
